You must send this to the GPhC every month, or when we ask for it, and at any review.

If you are applying for work, you must tell any prospective employer about the restrictions imposed on your pharmacy practice when you apply. If you or your companies are commissioned or contracted with to provide pharmacy services you must inform the commissioning or contracting entity of these conditions in advance of providing such services
 6. You must tell the GPhC if you apply for work as a pharmacist or pharmacy technician outside Great Britain.
