

On **8 January 2026** the General Pharmaceutical Council's Investigating Committee considered an allegation in relation to **Mr Dustin Ki Lok Chu, registration number: 2216569** and determined to issue the registrant concerned with a warning in relation to the conduct alleged.

The Committee concluded that the appropriate outcome in this case is a warning with the wording of:

Mr Chu, whilst working as a Superintendent Pharmacist at a retail pharmacy in West Wickham, removed cash from the pharmacy till, to the value of around £3000. He was not entitled to do that and this was a dishonest act. The methods he employed in his pre-meditated actions were designed to minimise the possibility of his conduct being discovered. Mr Chu's actions were an abuse of his position of trust and, clearly, improper. Mr Chu is warned that dishonest behaviour, such as that he has admitted in this case, risks undermining public confidence in the profession. He must ensure there is no repetition of such conduct.

Mr Chu is reminded of the following professional standards, which must be adhered to:

- *Standard 5 – Use professional judgement*
- *Standard 6- behave in a professional manner*

Any similar conduct will be likely to result in further regulatory intervention.

The Committee directs that this warning, as written above, will be published on the register for a period of 12 months.
